Roma Tre University is a young university thought for young people. Founded in 1992, it has rapidly grown both in terms of students and courses offered. It has gained an excellent rating among the most prominent academic rankings, especially within the younger universities.

A dynamic, modern and international university that has been immediately identified as the vital lever of the urban development of the capital, within which it is now deeply rooted, contributing in changing the city's identity with a persevering process of restructuring and re-using abandoned industrial buildings, converting them into factories of knowledge and research.

The University Library System (SBA) offers qualified resources and services in teaching and research, thus meeting the information needs of the university community. The library system is divided into eight specialised libraries that collect documentary heritage belonging to related disciplines.

Some libraries are organised into sections located in the various university premises and conceived in order to be as close as possible to students and professors. It also hosts the literary heritage of the Italo Latin American Institute, that is partly available in Economics and Political Studies library.
